Parsa

- Clubs day
 - Thank you!!!!
 - 90+ New members ~180 in 2 weeks!!!
 - Membership Cards - Mack brought them (automate to check SN)
 - "Office Hours" - to hand out cards to students who cannot make the meetings
 - Mondays from 2-6:30?
 - We can start booking rooms in the library/EME to have rooms for just us

- ❑ Let's talk about these 30 minutes...
 - ❑ What does everyone think?
 - ❑ We don't need them. Could be used for 1 on 1 exec talk.- Mack
 - ❑ Maybe only 10 minutes to prep + talk - Lauren
 - ❑ I agree - Emily
 - ❑ I agree - Kristine
 - ❑ Useful in bringing up new ideas that we do not wish to discuss with everyone - Sabrina
 - ❑ Useful at beginning of the year when we don't know what we are doing plus for discussing politics.. Now that everything is settled it is fine - Sean
 - ❑ Decide on a week by week basis. However, Brit can only come from 12:30-1:00 maybe. But also not all the time. My (Brit) schedule changes every week. Sometimes we aren't even here. Kyle and I are bros we work together all summer. Ya I know Mattias. - Brittney
 - ❑ Politics should be discussed before they arrive. Otherwise I'm happy to discuss other events in front of them. - Liam
 - ❑ I do like Sean's idea. I do think we do need the first little bit to get organized and to get things out of the way that students don't understand, very topic specific. We should have a set time and a more structured meeting, hence the attempt at structure and Liam cutting people off if they are not on topic. The first month is hectic, so maybe starting October meetings we can set the meetings to be 12:45 open to the public. - Parsa
 - ❑ 12:45 makes sense. Giving us 10 minutes to prepare. This ruling has passed.
- ❑ Let's skip to Brit's note at the bottom
 - ❑ Snacks..
- ❑ Meme Mondays
 - ❑ "I don't know where this came from"- Parsa, the person who wrote it down
 - ❑ The name is great, as was decided by a vote.
 - ❑ Trying to be more social and woke.
 - ❑ QSCU posts a meme every Monday, should be academically based.
 - ❑ Could make a scheduled posts on Facebook.
 - ❑ Motion has passed, Meme Mondays will happen
- ❑ QSCU Bulletin board
 - ❑ Need someone to take it as their project - Parsa fucked this up, he didn't do shit. He's making excuses right now, like wtf. Anybody wanna clean up his mess? - Lauren will do this, Sabrina (she's busy) and Kristine will help
 - ❑ The sooner, the better!

- ❑ Promoting QSCU
 - ❑ Spending some \$ on facebook promotion - for certain things, like telescope or review sessions. We can ask the co-op office what they do
- ❑ Volunteers for Distinguished Speaker Series (DSS)
 - ❑ <https://ikbsas.ok.ubc.ca/community/distinguished-speaker-series.html>

Sean

Emily

- Krispy Kreme -> some info - talked to the sorority. It costs \$150 to ship flat rate. Need 250 dozen to it be worth it. Cannot avoid shipping unless someone is in Vancouver. Could collaborate with other club/course union. Sean volunteered Sabrina to pick them up albeit sporadically, and she won't do it in the winter. It should be day of.
 - <http://www.krispykreme.ca/fundraising-community/>
 - <http://krispykremepacificnw.com/delta/>
- Finance Session with SUO update - just happened. Only two people showed up. VP Finance did not show up. Sending Emily more information, application is more or less done.
- Meeting to discuss grant application is on the 21st due, being discussed on the 24th 11:45am. Discussion after the due date, that is weird. Sean and Emily will be attending.

Lauren

- Co-op workshop? Sent email to Stephanie, have not heard back. Might have to bombard her office.
- Any October workshops? :) - Guitar pedal thing (Sean). Must be built first so TBD.
- T-shirts? Does everyone want portraits for the website - 10 to 15 days
- Have stargazing dates changed, is 10-11th still okay? - emailed today, waiting for an update. Are we allowed to do ride share lists? Might have to get signed off
- Interest in medical imaging at clubs day (Still on poster that was at clubs day) - I am in that class and can talk about some fun things available to students (LIAM)
- Badminton (and beer at Redbird)- need to pick a date and advertise it. (from Liam), October, just advertising Badminton

Liam

- ❑ Not Pub crawl event - stamp, wristbands?
- ❑ URA/USRA Symposium - UNC Ballroom
- ❑ Wings with Profs @Lauren - might be hard to get SUO stuff

Kathryn

Mack

- nwHacks collaboration with Robotics Club
 - I think nwHacks is mostly for software but anyway
 - Talked to them at Expo/Clubs day
 - nwHacks reached out to us and Robotics club which is cool, so they were advertising it
 - They said they would reserve some spots for UBCO students, looking for funding for bussing
 - Sometime in January (?)
 - Fund it through SUO, Unit 5 and Tuum Est

Sabrina

- Observing Night
 - I have emailed Colleen to confirm dates
 - Up to 200 people max
 - Last year we did less than 50
 - The year before was 75ish
 - October 10th from 7-8:30pm as main date and October 11th (same time) as rain date
 - Would we be able to set up a table to give guests hot chocolate?
 - Ask SUO if this is allowed since we don't have a food license
 - Posters! AND A FACEBOOK EVENT
- Would you all be interested in trying to get some speakers to come do talks at UBCO?
 - I haven't contacted anyone yet just wanted to discuss this

Kristen

Brittany

- Snacks are actually crucially important to these meetings cause they're supposed to be fun and people aren't going to attend without them (and we want the people here! That's how we get new execs for next year :D)
 - We need to have snacks otherwise no one will show up. The young generation only cares about food.
 - We should have a spread sheet where people can sign up if they want, but no pressure to bring them. -this motion has passed
 - Post in the event page
- Maybe we can automate the system somewhat with a google form / facebook poll or something!

ANY FINAL NOTES:

- Who is doing Python workshop - Ryan McQueen apparently (did we even ask him... depends on what we give him). Or we can ask Accelerate about Python people.
-
